

NOTES:

1. Maximum depth for frame and cover adjustment rings onto top slab is 300mm.
2. Diameters of precast manhole pipes are nominal only.
3. See standard detail for ductile iron lid with rim to fit recess and locking bolts and pre-cast slab detail.
4. Ground level tolerances: Pavement +0mm, -5mm
Berm +5mm, -5mm
Footpath +5mm, -0mm
5. Manhole lid & frame to follow ground slope.
6. Acceptable steps as per Section 8 Acceptable Materials.
